Hi Jerry, Tom and Sherri,

I ran into Jacob Eichengreen recently and he told me about the Quad project he is working in partnership with CSU. It involves getting graduating students to stay in and get involved in our City. Jacob was concerned because he heard the Bill Cherrier is leaving, and Bill was the main person he has been working with to bring this to fruition and that this project may slip .

I told Jacob that I would find out who will be handling Bill's projects once he leaves and try to arrange a meeting with that new person and Bill, before he leaves. Let me know if that's possible.

Thanks,

Richard Skorman

Richard,

We will follow up with the new contact and will work to schedule a meeting prior to Bill's departure. We really appreciate the work Jacob is doing with the Quad. Sherri

Richard, Sherri – many, many thanks!

I've been working with Bill and Scott Shewey on this project and they have been phenomenal. My understanding is that Scott will be serving as interim CFO after Bill's departure. Based on our conversations, Scott is leading the project through the review process skillfully and thoroughly. Both Scott and Bill have been such a pleasure to work with, and very purposeful in their approach.

My question was primarily out of an interest in making sure that everyone has what they need from me – I've known Richard all my life (full disclosure: he's my godfather) and he is always such a helpful sounding board. I spoke with Sherri on the phone just now, and it sounds like everyone has what they need to keep moving. Don't hesitate to reach out if I can be helpful in any way!

All my best,

Jake

Jake, I'm Tom Strand, chair of the CSU Board. I'd be glad to be your point of contact with the Utilities Staff as we transition to a new CFO replacing Bill. Let me know what I can do to help from here.

Warm regards , Tom Strand

Tom- I would like to do some internal work on this. Apparently Bill was working on this without my knowledge. It is committing funds for this program and I need to evaluate it against all our other intern programs. I intend to talk with Bill about it and make sure we are not duplicating any efforts. I just wanted you to know that I am looking into this and will get back with you.

Thanks,

Jerry

I talked to Jacob earlier this week and I'm meeting with PCS people today to get the contract moving. I did tell him you were leaving and that I would be interim. Not sure why he is concerned.

I'm not sure of Jake's concern. You've got it and you're running with it.

Yep – it should be an easy contract so nothing is going to slow it down.
